CEDAR CITY - UTAH

Mr. and Mrs. Reuben Owen of Salt Lake City are here visiting relatives and friends, and incidentally Mr. Owen is exhibiting a line of samples of dry goods to local merchants and taking their orders.

The St. George basket ball team passed through town this morning en route to Beaver to open the season's games for the Church Schools league. This will give the church schools an additional amount of practice, and it stands the local school team in hand to work hard if it is to win the honors of the southern division this year. The Dixie boys went up in one of the Buick mail trucks.

The missionary committee, who had in charge the party given last Tuesday night report a thorough success, both socially and financially. They were loyally supported by the ladies of the Relief Society and the Y. L. M. I. A., as well as by many individual workers, for which the committee wish to express their sincere thanks. The committee secured by means of this party, including some donations that were made by people who did not attend the party, the sum of sixty dollars. This will be sent to the missionaries who are now in the field, which will amount to about ten dollars each.

#### Ward Hall Management Changed.

A change was made by the bishops of the Cedar wards the first of this week in the management of the Ward amusement hall. Frank B. Wood, upon whom the brunt of the work has devolved for a number of months past, was released, and Lehi M. Jones and Percy N. Wilkinson appointed to take charge.

During his incumbency and management Frank Wood has tried hard to enforce strict rules and maintain the amusements, and particularly the dancing, on a high plane, placing a ban upon all forms of ragging or improper postures in dancing, which has, with a certain class made him unpopular. As in all other public positions, the man who does his full duty invariably makes some enemies, and it is perhaps thought by the change to increase the patronage at the parties. On the theory that "A new broom sweeps clean" the change will undoubtedly have the desired effect for a time at least, and we bespeak for the young men who have assumed the duties of conducting the amusements at this place the consideration and support of the community.

Taxes will be delinquent in just about a week now. Better make an extra effort to settle before that time and save yourself additional expense.
